

Inevitable

Poo Bear

It's 12 o'clock twice a day
Two things that'll never change
All the shit that I love the most, yeah
Is all the shit that hurts me
Fuck a relationship
I'd rather fucking be lonely
'Cause I'ma fucking be lonely
Even if you love me

Everything that's new gets sold
Every diamond comes from coal
Sooner or later, I'ma fall asleep, yeah
In between, I'll be miserable

Woah, oh
Can't stop feeling about it
The inevitable, yeah, yeah, yeah
The inevitable, yeah, yeah, yeah
The inevitable
Ain't no other way around it
The inevitable, yeah, yeah, yeah
The inevitable, yeah, yeah, yeah
The inevitable, yeah

Sun sets on the west side, west side
Every day grow up to a night
And the tide only fuck with the moon
Bring floor, meet me on the dark side
You don't get to hear when I'm yawning
Do I really gotta speak my mind?
Wanna wake up in the afternoon
With nobody laying by my side

Everything that's new gets sold
Every diamond comes from coal
Sooner or later, I'ma fall asleep, yeah
In between, I'll be miserable
Am I the only one living a double life?
Easy going and spiritual
Everybody's just born to die
Look in the mirror at a miracle

Woah, oh
Can't stop feeling about it
The inevitable, yeah, yeah, yeah
The inevitable, yeah, yeah, yeah
The inevitable
Ain't no other way around it
The inevitable, yeah, yeah, yeah
The inevitable, yeah, yeah, yeah
The inevitable, yeah

The whole world warming up, yeah
Do you hear the feet marching? Storming up, yeah
Try not to be so pessimistic
But when the elephant's in the room
It's hard to miss it

So hard to miss it, yeah, yeah

And I can't stop feeling about it
The inevitable, yeah, yeah, yeah
The inevitable, yeah, yeah, yeah
The inevitable, yeah
Ain't no other way around it
The inevitable, yeah, yeah, yeah
The inevitable, yeah, yeah, yeah
The inevitable, yeah
Either way it come
