

Joyride

Poo Bear

Let's go in on a Joyride
Joyride, Joyride, yeah
Let's go in on a Joyride
Joyride, Joyride, yeah

Gripped the stick and shifted into first
Oh pressed the pedal
And I heard the thirst
Nine hundred horses raging to go
The roar of the engine
Oh it made my blood flow
Flow
Winding down, Angeles
Crest highway, no one in sight
No ones in our way, just you and I
What a thrill, what a vibe

Let's go in on a Joyride
Joyride, Joyride, yeah
Let's go in on a Joyride
Joyride, Joyride, yeah
A pleasure for you and me

Took this Porsche for a Joyride
The thunder was a musical in overdrive
Staring through the prism of a windshield
Switching lanes swerving side to side
Swerving from side to side

This low rider was no ordinary beast
Tugged at the reigns, waiting for release
Sweaty palms, holding on tight
Our hearts are reaching new heights

Let's go in on a Joyride
Joyride, Joyride, yeah
You and me
Let's go in on a Joyride
That's right
Joyride, Joyride, yeah
A pleasure for you and me
