

## LEGEND HAS IT

Poo Bear

I can make you cum in record time  
Legend has it, legend has it, legend has it  
I can make you squirt from behind  
Legend has it, legend has it, legend has it  
I'ma roll you up, sweep you off the ground, ain't no breaks between,  
hit it round for round, can't nobody drain your body like I do  
Legend has it, yea, legend has it

Give me fifty seconds I'ma have your legs shakin'  
Like you from Harlem baby, when I hit the bottom baby  
Don't matter where your from no there ain't no discrimination  
Do you like a sauna baby, I'm gonna make you lazy  
Legend has it  
I'll adjust you like a chiropractor  
Make a porno I'm your leadin' actor  
Make it splash again the mornin' after  
Have you screamin' till' your voice is hoarse, ain't no choice I'm pl  
ugged into your source  
There's no preparin' for my intercourse

I can make you cum in record time  
Legend has it, legend has it, legend has it  
I can make you squirt from behind  
Legend has it, legend has it, legend has it  
I'ma roll you up, sweep you off the ground, ain't no breaks between,  
hit it round for round, can't nobody drain your body like I do  
Legend has it, yea, legend has it

When I ask you whose it is don't lie  
Ooh the numbers don't lie  
It hurts good don't deny  
Yea it's OK to cry  
Twenty's a compromise  
Took twenty five last time  
I gotta beat my record  
Rearrange your insides  
I'll adjust you like a chiropractor  
Make a porno I'm your leadin' actor  
Make it splash again the mornin' after  
Have you screamin' till' your voice is hoarse, ain't no choice I'm pl  
ugged into your source  
There's no preparin' for my intercourse

I can make you cum in record time  
Legend has it, legend has it, legend has it  
I can make you squirt from behind  
Legend has it, legend has it, legend has it  
I'ma roll you up, sweep you off the ground, ain't no breaks between,  
hit it round for round, can't nobody drain your body like I do  
Legend has it, yea, legend has it
