

Live It Up

Poo Bear

Don't stay awake
Don't let me keep you up
It was a mistake
I've already given you up
Don't you complain
Oh don't you start me up
No
You don't need to explain
You're only going to rev me up
Yeah

I can't get a word in edgewise
Don't tell me to
Cowboy up
I've had it with being your prize
So now I'm gonna live it up

I'm gonna live it up
Live it
Live it
I'm gonna live it up
Live it
Live it
I'm gonna live it up
Live it
Live it
I'm gonna live it up
Live it
Live it
I'm gonna live it up

Don't apologize
No excuse can make it up
Don't look so surprised
Swallow your pride
And suck it up
Yeah
Been watching us go south
So you don't need to wind me up
Oh no
I've given you every ounce
So get on your horse and giddy up
Right now

I can't get a word in edgewise
Don't tell me to
Cowboy boy up
I've had it with being your prize
So now I'm gonna live it up

I'm gonna live it up
Live it
Live it
I'm gonna live it up
Live it
Live it
I'm gonna live it up

Live it
Live it
I'm gonna live it up
Live it
Live it
I'm gonna live it up

Live it up

I'm gonna live it up
Live it
Live it
I'm gonna live it up
Live it
Live it
I'm gonna live it up
I'm gonna live it up
I'm gonna live it up
