

Put Me On

Poo Bear

Happy birthday

She like put me on, baby
Put me on, baby
Put me on, won't ya
Put me on, hold on to my neck
Put me on, baby
Put me on, baby
Put me on, won't ya?
Oh no, don't let me go to waste
No, oh, no oh
Don't let me go to waste
No oh, put me on

See, your skin is made of silk, put it on my face
Oh oh, baby, I'mma be the bug, you gon' be the page
I'mma turn you on, put me on tonight
Put me on the morning, go down whenever you want me
Gon' tell me you want more
When our worlds collide, can nobody stop us but us
Don't let me waiting now

She like put me on, baby
Put me on, baby
Put me on, won't ya
Hold on to my neck
Put me on, baby
Put me on, baby
Put me on, won't ya?
Oh no, don't let me go to waste
No, oh, no oh
Don't let me go to waste
No oh, put me on

Tell me you're better each time, likewise
Coming and coming, under your bridge you'll be running and running
But ain't no tapping out, no no
This what love's about

Gon' on and touch me, go on and rub me
I'll reciprocate it all
When our worlds collide, can nobody stop us but us
Don't let me waiting now

She like put me on, baby
Put me on, baby
Put me on, won't ya
Hold on to my neck
Put me on, baby
Put me on, baby
Put me on, won't ya?
Oh no, don't let me go to waste
No, oh, no oh
Don't let me go to waste (girl let me get a taste)
No oh, put me on

Don't let me go to waste

Oh no
Don't let me go to waste
No oh, put me on
