

# THE MOST

Poo Bear

Everywhere you love the most  
Everywhere you love the most  
I'm gonna keep you there  
Yea I'm a gonna keep it right there

I know that place that rips your soul a part  
A part that lift every piece of your heart  
Your heart is broken still remains the same  
Deserve a thousand purple flowers  
Orgasms every hour yea  
Expand your mind it doesn't matter  
Baby I'm a take you

Everywhere you love the most  
Everywhere you love the most  
I'm gonna keep you there  
Yea I'm a gonna keep it right there

Close your eyes and point on the map one time  
We'll buy new everything leave your luggage behind  
Looking for joy and happiness  
Baby so am I  
And if they told you I ain't have a warranty that's a lie

That's on everything I love the most  
Everything I love the most (yea)  
Everything I love the most (left hand on the Bible)  
I'm gonna keep it there (ain't going anywhere)  
Baby I'm a keep it right there (yea you can keep it right there )  
The way you love it the most  
(Love it love it love it)

Yea, yea yea yea

Love it love it love it love it love it  
Yea, yea yea yea  
Ooh yea yea yea
