

## Under The Flame

Poo Bear

North to south, east to west  
I've spinned the earth in the quest  
To see the beauty of this world  
And to my eyes heaven unfolds  
Many places have I called home  
Each of which I cherish to the bone  
Many cultures have intertwined in my heart, my soul and my mind  
Take a knife, put and you'll see, each one of you is a part of  
me  
Black and white, rich and poor  
There's no racism, [?] door

Under the flame, yeah, ayy  
Under the flame, yeah, ayy (Under the flame, under the flame, u  
nder the flame)

Every life born is sacrosanct  
And no tweet could ever recant  
All these parts that make the whole  
All together, [?] day, we all stand tall  
And our greatness, me and her, hands spread  
Now in full view [?] its head  
We finna [?] up for great nation  
Honest [?] up discrimination

Under the flame, yeah, ayy  
Under the flame, yeah, ayy

Tokyo to LA to beaches of [?] lake  
Hope we surely we can go awake  
For justice, we will get with your melody  
Under the flame, the Statue of Liberty

Under the flame, under the flame, under the flame
