

Win Win

Poo Bear

The both of you is all that I need
Win win situation, woah woah woo
There's enough for me to go out, you say
Win win situation hear me out

They say three months together is better than one
They say ain't nothing new under the sun
There's a point that we should prove to eachother
And we don't have to be in love, (in love)

The princess of elemination
There were so many but you both stood out of the crowd, I see
And I ain't the one for the segregation
You should get to know her, she gon' learn you, we can know eachother better

The both of you is all that I need
Win win situation, woah woah woo
There's enough for me to go out, you say
Win win situation hear me out
