

# Work For It

Poo Bear

I'mma make you work for it  
I'mma make you work  
I'mma make you work for it  
I'mma make you work  
Ooh, I'mma make you sweat for it  
The good kind of hurt  
I'mma make you work for it  
I'mma make you work

You wanna turn me out  
Wanna make me scream your name  
You wanna be in full control  
You don't want me to maintain  
Who do you think you are  
Acting like you're in charge  
Underestimating me  
Thinking that I don't go hard

I'mma make you work for it  
I'mma make you work  
I'mma make you work for it  
I'mma make you work  
Ooh, I'mma make you sweat for it  
The good kind of hurt  
I'mma make you work for it  
I'mma make you work

Looks like the table's turned  
Did you wanna tap out  
My theory's been confirmed  
I can tell by the sound  
You wanna take a break  
Cause I took your breath away  
What happened to all the talk  
Now you don't got nothing to say

I'mma make you work for it (I'mma make you work for it)  
I'mma make you work (Oohh yeah)  
I'mma make you work for it  
I'mma make you work (Yeah)  
Ooh, I'mma make you sweat for it (I'mma make you sweat)  
The good kind of hurt (Oooh)  
I'mma make you work for it (I'mma make you work for it)  
I'mma make you work (Hey)

What you about five five  
You don't work no nine to five  
A girl like you probably seen on a movie screen  
Engagement rings, damn you fine  
That ass though I make all the time  
Been busy you know how I grind  
Pull up I'mma slide it aside  
Late night spend the night  
Fuck it, bath soap, bed silk  
Sheets match my fur pillows  
Copperfield, feel good you know it's real  
High up this the high life

Playa real check my highlights  
Keep your heels on with hindsight  
Handcuffs rolling sex dice  
Sex right, love love tonight  
Got a whole list things to do, do to you  
If it's alright, alright  
Submissive you could beg for it, go on beg for it  
Spread you legs get ready for it, get ready for it

Yeah, I'mma make you work for it, ready for it  
I'mma make you work, get ready for it  
I'mma make you work for it, she beg for it  
I'mma make you work  
Ooh, I'mma make you sweat for it  
The good kind of hurt  
I'mma make you work for it  
Better be careful who you fuckin' with
