

Around The Sun

Poolside

Another year around the sun
Guess I've just been having fun
Just another year around the sun
Making it through

Lay in bed at the end of the day
Got nobody to tell I'm okay
Forget the rules of the games we play
But that's fine, mm
People say that I've lost my mind
I've got nothing to lose and nothing to find
They might say that I'm the losing kind, but that's fine, ooh

Another year around the sun
Guess I've just been having fun
Just another year around the sun
Making it through
Another year around the sun
Guess I've just been having fun
Just another year around the sun
Making it through

Make it, make it, make it through
Make it, make it, make it through
Make it, make it, make it through

Another year around the sun
Guess I've just been having fun
Just another year around the sun
Making it through
Another year around the sun
Guess I've just been having fun
Just another year around the sun
Making it through

Oh yeah, making it through
Oh yeah, making it through
Making it through
