

Back To Life

Poolside

Back to life, back to life
Bring me back, bring me back to life

Keep on you girl, haven't said enough
No one set themselves good as me (back to life)
And the way it felt was like automatic
But there's no one, there's no one just like you (back to life)
I keep on wasting my time away
Never felt this way, not before (back to life)
I keep on waiting for you anyway
But there's no one else, no one else like you

Back to life, back to life
Bring me back, bring me back to life
Back to life (I'm alive, I'm alive), back to life (I'm alive, I'm alive)
Bring me back, bring me back to life
Back to life

Don't want to worry, hear it in the hallway
Looking back I always felt this way (yeah)
Don't want to lose you, in my mind adore you
If it's just a moment that myself could believe (back to life)

I keep on wasting my time away
Never felt this way, not before (back to life)
I keep on waiting for you anyway
But there's no one else, no one else like you

Can you bring me back life?

Back to life, back to life
Bring me back, bring me back to life
Back to life (and I don't worry), back to life (and I don't worry)
Bring me back, bring me back to life
Back to life

I'm alive I'm alive, I'm alive I'm alive
You bring me back, bring me back to life
Back to life
And I don't worry, and I don't worry
You bring me back, bring me back to life
Back to life

Bring me back, bring me back to life
Bring me back, bring me back to life (bring me back to life)
Bring me back, bring me back to life
Bring me back, bring me back to life (back to life)

I'm alive I'm alive (back to life), I'm alive I'm alive
Bring me back, bring me back to life (bring me back to life)
I'm alive I'm alive (you bring me back to life), I'm alive I'm alive
Bring me back, bring me back to life
Bring me back to life
