

# Drifting

Poolside

Now I'm all alone  
Far from what I know  
Just drifting  
Darkness ain't too bad  
Sailing through the night  
Just drifting

Nothing is missing  
Nothing is missing

Through the endless skies  
Memories collide  
Just drifting  
Feels like I'm reborn  
Coming into form  
Just drifting

Nothing is missing  
Nothing is missing
