Just Fall In Love

Poolside

Why can't we
Why can't we just fall in love
Why can't we
Why can't we just fall in love

These thoughts they keep on dancing
Dancing in my head
They're right here on the surface
But still remain unsaid baby

Every time we get together
It feels like we're meant to be
But nothing ever happens
And I wonder why can't we

Why can't we
Why can't we just fall in love
Why can't we
Why can't we just fall in love

These thoughts they keep on dancing
Dancing in my head
Looking for a way to get out
And dance with you instead

Why can't we
Why can't we just fall in love
Why can't we
Why can't we just fall in love
