

Kiss You Forever

Poolside

You and me, together happily
Forever we'll be
Free eternally
Always all the day
Our world is a game
When sun go blind
Our love can fly

I wanna kiss you forever
Forever forever forever, yeah
I wanna kiss you forever
Just wanna kiss you forever
I wanna kiss you forever
Forever all the day

Always, every day
Our world there's a key
The sun so bright
Our love ain't fine
Sky, 4 degree
There a
The look in your eyes
The things we can try

I wanna kiss you forever
Forever forever forever, yeah
I wanna kiss you forever
Just wanna kiss you forever
I wanna kiss you forever
Forever all the day

I wanna kiss you forever
Forever forever forever, yeah
I wanna kiss you forever
Just wanna kiss you forever
I wanna kiss you forever
Forever all the day

I wanna kiss you forever
Forever forever forever, yeah
I wanna kiss you forever
Just wanna kiss you forever
I wanna kiss you forever
Forever all the day
