

# Losing Control

Poolside

False start for the summer  
Too close to call  
Waited out for an hour  
Rain starts to fall

False start for the summer  
Too close to call  
Waited out for an hour  
Rain starts to fall

Heroes call  
Look out for shivers  
When it's not even cold  
I'm losing control

You got me losing control  
Got me losing control  
You got me losing control  
Got me losing control
