

## Where Is The Thunder?

Poolside

Don't mean to leave you behind  
Just can't seem to read your mind

The more I try  
I realize  
I might not be equipped to find

I bet you wonder  
I'm lightning, where is the thunder?

Lovestruck the way I was before  
Feels like I'm knocking on the wrong door

The more I try  
I realize  
I might not be equipped to find

I bet you wonder  
I'm lightning, where is the thunder?
