

Can't Relate

POORSTACY

I'm tired of same conversations
Right now I'm losing my patience
I'll stay but know I can't take it
Oh, I'm trying to, I'm trying

Feels like identity crisis
Keep asking why am I like this
It's fucked but I kind of like it
I'm this way yea, I'm this way

Ugh, you tell me that I'm stuck in the past
Saying I'm the best that you had
And maybe if you fucking meant that
I could rely, but I can't

Don't wait for me cause
I won't wait for you
Don't change for me
Doing things you wouldn't do

Cause I'm a dick out of place
And I do what I want
You can't relate, you can't relate
You're a snake on the phone
Only call when you're on a smoke break
I can't relate

I can't escape from mistakes that I made in the past
You hate when I fuck up I knew this would never last
I still remember the times you went behind my back
I'm still trying to run away from my past

Don't wait for me cause
I won't wait for you
Don't change for me
Doing things you wouldn't do

Cause I'm a dick out of place
And I do what I want
You can't relate, you can't relate
You're a snake on the phone
Only call when you're on a smoke break
I can't relate

Oh yea, you say that I'm so unpredictable
Oh yea, then why are you always so miserable?

I tell you things but I cannot get through
You hate me cause I always say the truth
Cause I already told ya

Don't wait for me cause
I won't wait for you
Don't change for me
Doing things you wouldn't do

Cause I'm a dick out of place

And I do what I want
You can't relate, you can't relate
You're a snake on the phone
Only call when you're on a smoke break
I can't relate

I can't relate
I can't relate
I can't relate
