Darkness

POORSTACY

Salem

I am running out of time and I
Don't believe in all your lies
It's like, everytime I see the light
You bring me darkness, bring me darkness
I am running out of time and I
Don't believe in all your lies
It's like, everytime I see the light
You bring me darkness, bring me darkness

Ohh, bring me darkness
Ohh, bring me darkness
Ohh, bring me darkness, bring me darkness, bring me darkness
Bring me darkness
Bring me darkness
Bring me darkness, bring me darkness, bring me darkness

I hate myself, I love myself
I hate myself, I love myself
I hate myself, I love myself
I hate myself, I love myself

I am running out of time and I
Don't believe in all your lies
It's like, everytime I see the light
You bring me darkness, bring me darkness
I am running out of time and I
Don't believe in all your lies
It's like, everytime I see the light
You bring me darkness, bring me darkness
