

# Don't Go Outside

POORSTACY

[Chorus]

Don't wanna go outside (Stay inside)  
Don't wanna see the light  
I wanna sleep all day and pretend I'm not alive (I'm not alive)  
I don't wanna go outside (Stay inside)  
Don't wanna see the light  
I wanna sleep all day and pretend I'm not alive (I'm not alive)

[Verse]

Medicated with your ignorance  
I've been trying to escape the bullshit  
You plague my mind with  
Lethal injection, I'm made of poison (Poison)  
Born hanging from my throat, i survived abortion  
Don't go outside!  
Don't go outside!  
Don't go outside!  
Don't go outside!  
Are you happy?  
Do you feel alive?  
Is this real?  
Or is it all in my f\*cking mind!  
You're so cold it gives me chills  
Replace your love with cheap thrills

You're my cocaine and you're my pills  
Give me something I can feel (Don't go outside)

[Chorus]

Don't wanna go outside (Stay inside)  
Don't wanna see the light  
I wanna sleep all day and pretend I'm not alive (I'm not alive)  
I don't wanna go outside (Stay inside)  
Don't wanna see the light  
I wanna sleep all day and pretend I'm not alive (I'm not alive)

[Chorus]

Don't wanna go outside (Stay inside)  
Don't wanna see the light  
I wanna sleep all day and pretend I'm not alive (I'm not alive)  
I don't wanna go outside (Stay inside)  
Don't wanna see the light  
I wanna sleep all day and pretend I'm not alive (I'm not alive)
