

## Lost

POORSTACY

I tried to get away, but I feel so lost  
I feel so lost  
I tried to get away

I tried to get away, but I feel so lost, I feel so lost  
I tried to numb the pain, I can't shake it off, can't shake it off  
Days keep passing by, I feel like I'm losing time  
I can't get you off my mind, no wonder why I am always high  
I'm always wrong, I'm never right  
I just wanna feel alright, I just wanna feel alive  
I'll feel better when I die

I don't wanna come down, she just wanna come 'round  
Hide until the sun down  
Miss you when you're not around, hate it when you come around  
'Cause you only bring me down (Bring me down)  
Rolling off an XO  
Every time we fuck I like to grab her by the neck, ho  
I be off them pills got me feeling like a wreck, I feel like a mess  
I got a new bitch, fuck my ex  
Don't love that girl just want some sex

And I am so stressed out  
Got a lot on my chest (Got a lot on my chest)  
I am so stressed, my chest, so much on my chest

I tried to get away, but I feel so lost, I feel so lost  
I tried to numb the pain, I can't shake it off, can't shake it off  
Days keep passing by, I feel like I'm losing time  
I can't get you off my mind, no wonder why I am always high  
I'm always wrong, I'm never right  
I just wanna feel alright, I just wanna feel alive  
I'll feel better when I die (When I die)
