

No Regrets

POORSTACY

Watch me jump off the fucking edge
I'm becoming heartless and I feel so fucking dead
Watch me jump off the fucking edge
I'm becoming heartless and I feel so fucking dead

Follow in my steps, I'll show you the way to hell and back
I have no regrets, I stepped on the crack that broke your mother's back
Itching at the surface, screaming, "Help", but no one answers back
Leave a message at the beep and never, ever call me back

Watch me jump off the fucking edge
I'm becoming heartless and I feel so fucking dead
Watch me jump off the fucking edge
I'm becoming heartless and I feel so fucking dead

Watch me jump off the fucking edge
I'm becoming heartless and I feel so fucking dead
Watch me jump off the fucking edge
I'm becoming heartless and I feel so fucking dead
