

Play Pretend

POORSTACY

I hate when I wake up, it never ends
(Don't wanna do it but I do it again)
I just wanna stay up and play pretend
(Play pretend, play pretend)
I hate when I wake up, it never ends
(Don't wanna do it but I do it again)
I just wanna stay up and play pretend
(Play pretend, play pretend)

Girl, when you broke my heart it took me by surprise
When you look me in my eyes, girl you make me feel alive
Sometimes I stay awake, I come alive in the night
Come alive in the night, I come alive in the night

I might stay up tonight and dig my grave
I can tell I'm reaching my end of days
I know that I'm the reason you're in pain
I would rather fight than see you live this way (Oh, oh, oh)

I hate when I wake up, it never ends
(Don't wanna do it but I do it again)
I just wanna stay up and play pretend
(Play pretend, play pretend)
I hate when I wake up, it never ends
(Don't wanna do it but I do it again)
I just wanna stay up and play pretend
(Play pretend, play pretend)

(Stay up, stay up, stay up, stay up)
End of days
(Stay up, stay up, stay up, stay up)

I hate when I wake up, it never ends
(Don't wanna do it but I do it again)
I just wanna stay up and play pretend
(Play pretend, play pretend)
I hate when I wake up, it never ends
(Don't wanna do it but I do it again)
I just wanna stay up and play pretend
(Play pretend, play pretend)
