

The Devil Wears Prada

POORSTACY

I sold my soul tonight
Get high just to feel alive
They say the devil wears Prada in the night time
[?] red wine
Bless the sheets never waking when the sun shines
To the streets bodies fuming on the skyline
Black Jeep, leather seats on the inside
Black Jeep, leather seats on the inside

Girls wanna have fun
Live life, get drunk
Stay up for the night
She just got her nails done
Tryna find the right one
Watch your ex get tied

I know a girl is a gun
Hollywood Hell spawn
Black jeans, skin tight
I know a girl is a gun
Hollywood Hell spawn
Black jeans, skin tight

I know a girl is a gun
Hollywood Hell spawn
Black jeans, skin tight
I know a girl is a gun
Hollywood Hell spawn
Black jeans, skin tight

Girls wanna have fun
Live life, get drunk
Stay up all night
She just got her nails done
Tryna find the right one
Watch your ex get tied
