

# I Was Wrong

POP ETC

I've seen love  
Kick a man while he stand  
When you think that you're alone  
You cover it up  
Just to stay on your feet  
But the cut is just too deep

I was wrong  
When I said "you were right"  
'Cause it's no fun  
When everything is so nice

But I've been waiting too patiently  
For life to turn its back on me and  
Not just go my way

All down the line  
It's hard hard to believe  
That we ever lived apart  
Sometimes a girl can make you forget  
We've been alone since the start

There's no fate  
Like a healthy break  
Now I've got  
No heart left to ache

But I've been waiting too patiently  
For life to turn its back on me and  
Not just go my way

'Cause everything was so perfect back then  
I don't understand why  
We can't let it stay that way

But I've been waiting too patiently  
For life to turn its back on me and  
Not just go my way
