

100 In A 55

Pop Evil

Turn back on the broken-hearted
Some things are just meant to be
I still believe that we've got a chance
I still believe that we've got a chance to be
Too much is never enough and too little is never enough
Full speed got me looking out my rearview
I can't go back

Goin' 100 in a 55
And I don't know why I'm still alive
I do what I can but I know I can't take anymore
I still believe in this rock n' roll
And I pray the music's gonna save my soul but un-
Til then I still believe
Somethings are just meant to be

It's messed up but I got this mission
Drunk again, won't remember anyways
She said it's just a game boy
Don't be gone, don't be gone for long
Ten years, I've been doing this forever
It's all I know baby, please don't turn away
I know you don't believe in me
But I do believe in you

I'm still falling
Away from here
Away from here
I'm still falling
The wings are falling off
I can't go back
I'm in too deep

I still believe
Somethings are just meant to be
I'm still falling
