

# Ways to get High

Pop Evil

I want to pick you up  
Free your mind  
Take you somewhere  
I want to turn you loose  
Watch you bloom  
Meet you out there

Hey  
You're looking my way  
Just come on and play  
Just come on and  
C-c-c-come on and

So many ways to get high  
To keep on losing our mind  
To keep us feeling alright  
So many ways to get

I want to climb the wall  
Watch you fall  
Get back up now  
I want watch you sink  
Chase you to the brink  
Meet you out there

Hey  
You're looking my way  
Just come on and play  
Just come on and  
C-c-c-come on and

So many ways to get high  
To keep on losing our mind  
To keep us feeling alright  
So many ways to get

Hey (4x)

Hey if you're looking my way  
Won't you come on and play  
Come and play with me now  
Hey if you're looking my way  
Won't you come on and play  
Come and play with me now

Hey  
You're looking my way  
Just come on and play  
Just come on and  
C-c-c-come on and

So many ways to get high  
To keep on losing our mind  
To keep us feeling alright  
So many ways to get high  
So many ways to get high  
So many ways to get high

So many ways to get high  
So many ways to get
