

## Semi-Babe

Pop Levi

Semi-babe, my semi-babe  
Not wholly mine, not all the time  
Semi-babe, my semi-babe  
Only to find she broke my mind

Whether right or wrong  
She got thirty-seven numbers on her phone  
Whether right or wrong  
She got thirty-seven numbers on her phone

Semi-babe, my semi-babe  
Half of my list, so then we kissed  
Semi-babe, my semi-babe  
Now to undo the missing I missed

Whether right or wrong  
She got thirty-seven numbers on her phone  
Whether right or wrong  
She got thirty-seven numbers on her phone

I kept the map she made, directions get decayed  
I kept the card I found, ten diamonds on the ground  
I kept the pic we took  
And I wrote her number backwards in my book

Semi-babe, my semi-babe  
Could it be true, C Y N blue?  
Semi-babe, my semi-babe  
I have to thank my memory bank

Whether right or wrong  
She got thirty-seven numbers on her phone  
Whether right or wrong  
She got thirty-seven numbers on her phone
