

## Spoiled

Pop Smoke

When's the last time you had a real one?  
She said, "It's been awhile"  
Someone that's gon' deal with you  
She said, "She got no more"  
She said she just got her body done and it's still sore  
From head to toe, she's dripped in Christian Dior

See there ain't no doubt about it, you're spoiled  
See you want to be rewarded for bein' loyal, bein' loyal  
You want me wrapped around your finger  
Like a rapper or a singer, nah  
See these diamonds in my teeth, bitch, I am royal, I am royal
