

Beaver Patrol

Pop Will Eat Itself

Attention young ladies, attention young ladies
Attention young ladies, attention young ladies

My face is white, getting kicks
I go downtown, I hustle chicks
Beaver patrol

Rolls Royce, Limosuine
Girls are rude on my machine
Beaver patrol

I'm cruising, just down this town
This one girl, shot me down
Beaver patrol

I've got one good thing, it's on my side
This big black car, it's out of sight
Beaver patrol
Beaver patrol
Beaver patrol
Beaver patrol

Beaver patrol's lots of action
All I do love, that's satisfaction

To do this thing you don't need muscle
All you've gotta do is hustle
Beaver patrol
Beaver patrol
Beaver patrol
Beaver patrol

I'm pulling up
I shut off the keys
I say little girl, you wanna sit by me?
I say doll, what's your name?
I say to myself, I'm glad I came
Trying to get me high
With all her money
What're gonna do, honey?
Make me feel alright

My face is white, getting kicks
I go downtown, I hustle chicks
Beaver patrol

I've got one good thing, it's on my side
This big black car, it's out of sight
Beaver patrol
Beaver patrol
Beaver patrol
Beaver patrol
