

# There Is No Love Between Us Anymore

Pop Will Eat Itself

[Intro]

When I fall in love

It will be forever

Oh, there is no love between us anymore

Oh, there is no love between us anymore

Oh, there is no love between us anymore

Oh, there is no love between us

Oh, there is no love between us anymore

Oh, there is no love

Oh, there is no love between us

Oh, there is no love between us anymore

Oh, there is no love between us
