

She Said That Evil Was Her Name

Popa Chubby

She came on like a Mona Lisa
A puzzle with a missing piece
I wondered what could make her smile
So I talked to her for a while
I didn't think that it was strange
She Said That Evil Was Her Name
And that was warm and wet and screaming
I didn't see no hidden meaning
or if I did I didn't mind
I felt so good it turned me blind
The ignorant don't feel no shame
She Said That Evil Was Her Name

I thought she said that it was Eve
A name like that I could believe
You know I guess I didn't listen
She was a woman with a mission
I've only got myself to blame
She Said That Evil Was Her Name

She said don't say I didn't tell you
I didn't voodoo curse or spell you
But there is something you should learn
You play with fire you will burn
But in the end it's all the same
She Said That Evil Was Her Name

Now it all seem so begning
But she came at me from behind
Flowing like water over stone
Sinking circles all alone
Just like a cripple I was lame
She Said That Evil Was Her Name

I thought she said that it was Eve
A name like that I could believe
But you know I didn't listen
And now the teardrops start to glisten
I've only got myself to blame
She Said That Evil Was Her Name

A man worth confusing
I never thought I would be losing
My body, mind and soul
And all illusion of control
I only have myself to blame
She said tha Evil was her name

And now my story's reached conclusion
as I lay limp with a transfusion
Tread on my will I'm like a zombie
All from that jazz that she put on me
You know I'm the only one to blame
She Said That Evil Was Her Name

I thought she said that it was Jane
And there are dozens with the same

talking monkeys swing from trees
Until they drop down to their knees
But in the end it's all the same
She Said That Evil Was Her Name (*2)
I've only got myself to blame
She Said That Evil Was Her Name
