

ALL I NEED

Popcaan

Yow, Unruly

Real sentimental and your body is righteous
Tight as I want it
Tight as my lips when I lock them in silence
And your cellphone is ringin' and you're worried 'bout somethin'
And you're walkin' outside on me now
Which side are you on again?
What room does he have you in?
What time do you leave again?
How long do we just stay friends?
What role do I play again?
I can't even make new friends
I'm here with no move again
I need to know how this ends

That's all I need, and that's all I need
Weed and girl on me, that's all I need
Mhmm, that's all I need, and that's all I need
High grade weed and girl, that's all I need, yeah (Dem dead)

All day flexin' (Mhmm)
She crown me di best ting (Mhmm)
Yuh body is a blessin'
And yuh know the killy just ah pree when yuh breast swing
Ah-wee, baby, mi love when you ride on me
Roll up your tongue pon di ting slowly
Girl, I don't wanna be here and all lonely
Put down the iPhone, stop text
Badman ting, Canadian flex
Gyal, mi don't care 'bout your ex, mi only want weed and sex
Gyal me concerned for 'bout your tightness
Concerned 'bout your tightness
Yeah mi concerned 'bout your tightness
It tighter than a vice grip

That's all I need
High grade weed and girl, that's all I need
Dem dead?
Weh dem ah do?
Unruly, OVO
Weh dem ah do?
That's all I need
High grade weed and girl, that's all I need
Oh, that's all I need
High grade weed and girl, that's all I need
