Memories is all I, have

Whoi, life ah nuh joke like king fu panda  
Watch di reptile dem nuh trust anaconda  
Wah see di Gad fall  
My name dem ah slander  
But me nuh see dem Stevie Wonder

Still inna di lion den like Daniel  
Everyday mi still miss shagell  
Some bwoy weh ah gwan like dem real  
Nuh wah see yuh rich, dem ah crab inna di barrel  
Use to hungry fi days like camel  
Unruly neva run from challenge  
Bredda we, still mek yuh proud  
Man still ah bun di road like acid

So now, memories is all I  
Have here to hold now  
But memories don't leave  
Memories is all I  
Have here to hold now  
But memories don't live too

But man still ah pree  
Say it coulda be, any  
One ah we  
So fuck up when, can't even tell  
Who ah yuh enemy  
Try drain mi energy, pray fi me fail  
Dat dem will never see  
Mi dun tell you long time  
Fren killa, bad mind  
Me nah no chemistry  
Everyday the fucking world getting crazy slowly  
Dawg yuh nuh safe all when you holy  
People nuh treat life like a trophy  
RIP to the legend Kobe, mm

So now, memories is all I  
Have here to hold now  
But memories don't live long  
Memories is all I  
Have here to hold now  
But memories don't live long, no

Me see man ah shoot woman and ah  
Leave dem self  
Pussy dem, shoul da shoot dem self  
Nah mek dem kill me inna no circumstance  
Rather kill dem and say ah self defense  
Stock di Mac dem, like mackerel pon shelf  
Inna dis yah world yah  
You cyaa be weak fence  
Police cyaa do nutten when the place get tense  
Soldier fraid fi circle di circumference

It's gonna be, it's gonna be fine  
It's gonna be, it's gonna be fine  
It's gonna be, it's gonna be fine  
It's gonna be, it's gonna be fine

Memories is all I  
Have here to hold now  
But memories don't live long  
Memories is all I  
Have here to hold now  
But memories don't live long, no
