Living on the wild side
Chilling with the dog kind
Loop-de-loop goes it's off right
Demons plaguing my whole mic
You can never cool me you pay it
Every day I'm at war with Satan
Killer forgives and my soul is raging
Not at rest but he's dead but he come to the pavement
Who you preaching to?
Do you know what the fuck I've been through?
My name ain't blue so you don't get a clue
But I say the conversation is to
Given eye open but hey I'm coming
Ram Pam Pam goes your heart drumming
I'm here to hold you nice to hold you nice
No one tell me nothing
I ain't chilling til I'm killing
Couldn't sinning but I'm winning
Even though my mic keeps spinning
And my mic keep drilling won't stop
'Til the blood keeps spilling
You will never rest in peace in the grave you was thinking
At your funeral I will be present
And my mouth out probably shaved like a crescent
Spit all in your face then piss on your grave
Figure out about me now peasant
Freedom of speech excites me
The whole inside state speak Irish
Heard you practiced your recital
That you will speak when your days are final
But the facts are vital
I hope that this track goes viral
So the whole world knows how you lived your life
How you sit behind the girl

I'll be always hard yourself, your eternity is my two hole
We plan to break you and show you pain you've never known
We plan to break you and show you pain you've never known
Pain or the same or the days that you bestow
All the pain

Mów kto cię wysłał by mnie śledzić suko mów
Bo cię znajdą zarżniętego jutro mów
Jeśli chcesz ocalić dupsko mów
Ty psychicznie chora kurwo
Zemsta będzie smakować jak miód jeśli jesteś chory psychicznie
Oko za oko, ząb za ząb
Maczetą ci łeb obetne publicznie
W rytm muzyki kapie krew, łapy precz od mej rodziny

Za nich będę walczył jak lew, to jest vendetta skurwysyny
Stój, nie groź moim bliskim bo za siebie nie ręczę
Stój, wiesz jakie poniesiesz konsekwencje
Stój, gołymi rękami wyrwe ci serce
Stój, gołymi rękami wyrwe ci serce
Będę skakał po tobie do utraty tchu
Aż mózg z twojej czaszki oczami wypłynie
Twoją padliną nakarmie psy a reszta opierdolią świnię
Od mojej rodziny, łapy precz
Od moich ziomków, łapy precz
Od moich braci, łapy precz
Od moich sióstr, łapy precz

I'll be always hard yourself, your eternity is my two hole
We plan to break you and show you pain you've never known
We plan to break you and show you pain you've never known
Pain or the same or the days that you bestow
All the pain
