

## Bleep Bloop

Poppy

I can make you afraid  
I can make you obey  
I can make you afraid  
I can make you obey  
I can make you ugly  
Uh-huh, uh-huh, uh-huh  
I can make you afraid  
I will make you obey

I got you in my corner vision  
Look away if you feel unsafe  
Don't move without permission  
I can make you obey  
I got you in my corner vision  
Give it up if you feel unsafe  
Don't move without permission  
I can make you obey

I am but a sickness  
I am still your weakness  
You will lose your grip and  
You will stay infected  
Never let you touch me  
Nuh-uh, uh-uh, uh-uh  
I can keep you afraid  
I will make you obey

I got you in my corner vision  
Look away if you feel unsafe  
Don't move without permission  
I can make you obey  
I got you in my corner vision  
Give it up if you feel unsafe  
Don't move without permission  
I can make you obey

Ooh!
