

Cue defiance  
Cue the violence  
Cue the riots  
Cue alliance  
Cue the sirens  
Cue the virus  
Cue the prayer  
Cue the silence  
Cue impulsions  
Cue destruction  
Cue rejection  
Cue no protection  
Cue the anger  
Cue the danger  
Kill the fakers  
Meet your maker

March 'til the end of the world  
And we'll march 'til the end of everything  
March 'til the end of the world  
And we'll march 'til the end of everything

Cue defiance  
Cue the violence  
Cue the riots  
Cue alliance  
How's the leader  
Make believer  
Born deceiver  
Nice to meet her

Cue impulsions  
Cue destruction  
Cue rejection  
Cue no protection  
Cue the anger  
Cue the danger  
Kill the fakers  
Meet your maker

March 'til the end of everything and we'll  
March 'til the end of everything  
March 'til the end of everything and we'll  
March 'til the end of everything

Of everything

March 'til the end of everything  
March 'til the end of everything  
March 'til the end of the world

March 'til the end of the world  
And we'll march 'til the end of everything  
March 'til the end of the world  
And we'll march 'til the end of everything
