

# Flux

Poppy

My body is fluid  
'Cause I've been through it all  
Chewed up and used, it's  
Cut into pieces to feed them all

For your amusement, for your confusion  
I guess I'll do it 'cause I'm bored  
And no attention span is shorter  
Than mine or yours

You can't oppose it  
That's just how it goes, yeah  
You gotta flux and flow with it  
You gotta flux and flow with it  
You can't oppose it  
That's just how it goes, yeah  
You gotta flux and flow with it  
You gotta flux and flow with it

Require no permission  
Just ask for forgiveness  
There's no second-guessing  
I'm just a possession

For your amusement, for your confusion  
I guess I'll do it 'cause I'm bored  
And no attention span is shorter  
Than mine or yours

You can't oppose it  
That's just how it goes, yeah  
You gotta flux and flow with it  
You gotta flux and flow with it  
You can't oppose it  
That's just how it goes, yeah  
You gotta flux and flow with it  
You gotta flux and flow with it

I won't fear what I don't know  
You gotta flux and flow, flow, flow  
I won't fear what I don't know  
You gotta flux and flow, flow, flow  
I won't fear what I don't know  
You gotta flux and flow, flow, flow  
I won't fear what I don't know  
You gotta flux and flow, flow, flow

You can't oppose it  
That's just how it goes, yeah  
You gotta flux and flow with it  
You gotta flux and flow with it  
You can't oppose it  
That's just how it goes, yeah  
You gotta flux and flow with it  
You gotta flux and flow with it  
(I won't fear what I don't know)  
You can't oppose it

(You gotta flux and flow, flow, flow)  
That's just how it goes, yeah  
(I won't fear what I don't know)  
You gotta flux and flow with it  
(You gotta flux and flow, flow, flow)  
You gotta flux and flow with it

I won't fear what I don't know  
You gotta flux and flow, flow, flow  
I won't fear what I don't know  
You gotta flux and flow, flow, flow
