

# High On Helium

Poppy

I wanna crawl up and get what I want  
Got crystals on all my guns  
Makin' it snow in the party with friends who I love  
I wanna stay up and stare through the sun  
Blue pills in the battle gun  
We're on a level, feelin' so right that it's so wrong

We gonna stay in the starlight for days  
This is my song, baby, dance when it plays  
Turn it up louder, yeah, turn it up louder  
Yeah, turn it up, turn it up, turn it up  
I want, I want, I want, I want, I want, I want, I want love

Wish I could stay in this moment forever  
High on helium tonight  
Come take a hit and we'll take off together  
High on helium tonight  
Open up, feel the rubber to your lips  
Take a deep breath, inhale, have a good trip  
Wish I could stay in this moment forever  
High on helium tonight

I wanna see silver sparks in my eyes  
Feel like I could almost fly  
Just take my hand, follow me, no need to ask me why  
I wanna spin and let's dance 'til we die  
Laughin' 'til we start to cry  
Lost in the feeling with everybody by my side

We gonna stay in the starlight for days  
This is my song, baby, dance when it plays  
Turn it up louder, yeah, turn it up louder  
Yeah, turn it up, turn it up, turn it up  
I want, I want, I want, I want, I want, I want, I want love

Wish I could stay in this moment forever  
High on helium tonight  
Come take a hit and we'll take off together  
High on helium tonight  
Open up, feel the rubber to your lips  
Take a deep breath, inhale, have a good trip  
Wish I could stay in this moment forever  
High on helium tonight

Wish I could stay like this forever  
All night long, all night long  
Wish I could stay like this forever  
All night long, all night long  
Helium, whoa-oh-oh-oh  
Helium, whoa-oh-oh-oh  
Wish I could stay in this moment forever  
High on helium tonight

Wish I could stay in this moment forever  
High on helium tonight  
Come take a hit and we'll take off together  
High on helium tonight

Open up, feel the rubber to your lips  
Take a deep breath, inhale, have a good trip  
Wish I could stay in this moment forever  
High on helium tonight

Wish I could stay in this moment forever  
High on helium tonight
