

In A Minute

Poppy

I'll make up my face in a minute
I'll reform this state in a minute
Cashed my cheque, got paid, yeah I did it
I haven't done my nails in a minute
I'll make up my face in a minute
I'll reform this state in a minute
Cashed my cheque, got paid, yeah I did it
I haven't done my nails in a minute

I am busy and important
I am busy and important
You wanna bill me for it
My love that's up to you
Are you feeling like I'm feeling?
Are you feeling like I'm feeling?
I used to be free willing
Now I've got work to do, yeah

I'll make up my face in a minute
I'll reform this state in a minute
Cashed my cheque, got paid, yeah I did it
I haven't done my nails in a minute

I'll make up my face in a minute
I'll reform this state in a minute
Cashed my cheque, got paid, yeah I did it
I haven't done my nails in a minute

Easy to say that you thought it
Easy to say that you thought it
But I'm the one who said it
Give up your second guessing
I can't wrap my head around it
I can't wrap my head around it
I'll get around to do it
I've got some plans tonight, but

I'll make up my face in a minute
I'll reform this state in a minute
Cashed my cheque, got paid, yeah I did it
I haven't done my nails in a minute
I'll make up my face in a minute
I'll reform this state in a minute
Cashed my cheque, got paid, yeah I did it
I haven't done my nails in a minute
I'll make up my face in a minute
I'll reform this state in a minute
Cashed my cheque, got paid, yeah I did it
I haven't done my nails in a minute
I'll make up my face in a minute
I'll reform this state in a minute
Cashed my cheque, got paid, yeah I did it
I haven't done my nails in a minute
