

Jealous

Poppy

I liked you a lot
So it was ready or not
We said "Go"
But then you stood in one spot
And by the tongue you got caught
So I know

One shot, two shots
Oh, just forget it
Last straw, third shot
Why do I let him?
I keep holding on

And I don't know why you keep bringing me down
With your third-degree, a boy likes sneaking around
I want off this trip, you're as guilty as a criminal now
If you're innocent then why am I watching you drown?

You're jealous, ba-da-ba
You're jealous, ba-da-ba
So jealous, ba-da-ba

If you play like a fool
And you bend your own rules
It ain't cool
It's safe to assume
There's a me without you
If you're cruel

One shot, two shots
Oh, just forget it
Last straw, third shot
Why do I let him?
I keep holding on

And I don't know why you keep bringing me down
With your third-degree, a boy likes sneaking around
I want off this trip, you're as guilty as a criminal now
If you're innocent then why am I watching you drown?

You're jealous, ba-da-ba
You're jealous, ba-da-ba
So jealous, ba-da-ba
You're jealous, ba-da-ba
You're jealous, ba-da-ba
So jealous, ba-da-ba

And I don't know why you keep bringing me down
With your third-degree, a boy likes sneaking around
I want off this trip, you're as guilty as a criminal now
If you're innocent then why am I watching you drown?

You're jealous, ba-da-ba
You're jealous, ba-da-ba
So jealous, ba-da-ba
You're jealous, ba-da-ba
You're jealous, ba-da-ba

So jealous, ba-da-ba
