

# Let's Make A Video

Poppy

Get up, put my makeup on, I know it's time to go  
Sing along to a dumb pop song that they play on the radio  
Time for a pic, 'cause I'm all dressed up  
Don't make me look too typical  
'Cause I'm ready for my close-up  
I said I'm ready for my close-up

One, two, three, oh c'mon let's go  
Let's make a video, oh-oh  
One, two, three, oh c'mon let's go  
Let's make a video, oh-oh

Action, I'm ready  
Don't want to miss a frame  
Lights, camera, action  
Lights, camera, action, action  
I love you when you're happy  
I love you when you're down  
Lights, camera, action  
Lights, camera, action, action

I feel at home with my microphone turned up in the studio  
Always know that it's time to go when we're done with the video  
Time for pic, 'cause I'm all dressed up  
Don't make me look too typical  
'Cause I'm ready for my close-up  
I said I'm ready for my close-up

One, two, three, oh c'mon let's go  
Let's make a video, oh-oh
