

Peppermint

Poppy

A penny for a quarter
I know I'd trade it up
It's gotten out of order
I shouldn't like you this much

I've fallen so far
I could send a postcard
It hit me so hard
Knock me right at that part

Oh, you're like peppermints to me
And I kinda love the way you stings
You're cold with a little heat
Yeah, when I'm with you I can't breathe
Oh, you're like peppermint (Peppermint)
Peppermint to me (Peppermint to me)

A cynic and a scholar
Spinning in a cup
Just like cherry cola
I like to mix it up

I've fallen so far
I could send a postcard
It hit me so hard
Knock me right at that part

Oh, you're like peppermints to me
And I kinda love the way you stings
You're cold with a little heat
Yeah, when I'm with you I can't breathe
Oh, you're like peppermint (Peppermint)
Peppermint to me (Peppermint to me)

Pepper, Pepper, Pepper, Peppermint
Pepper, Pepper, Pepper, Peppermint to me

Peppermint to me
Love the way you sting
Cold with a little heat
With you I can't breathe

Peppermint
Peppermint to me

Oh, you're like peppermints to me
And I kinda love the way you stings
You're cold with a little heat
Yeah, when I'm with you I can't breathe
Oh, you're like peppermint (Peppermint)
Peppermint to me (Peppermint to me)

Peppermint to me (Peppermint to me)
Peppermint to me (Peppermint to me)
Peppermint to me
