Rocket Science

Poppy

Voices tell me
Tell me just where to be
The space can't hold me
Hold me up and in between
Da, da, da, da microscopic imagery
Living through me
Like a technical machine

The moon can guide us
Don't speak, they will find us
The light can't blind us
We are in inside us
If the truth is too extreme
Remember you are in a dream
Remember you are here with me
The truth is in my melody

It's not rocket science
It da-da-da-da-da
'Cause everybody's trying
Da-da-da-pa-pa-pa
Ta-ta-ta-ta-ta-ta-ta
Ta-ta-ta-ta-ta-ta
Ta-ta-ta-ta-ta-ta
Ta-ta-ta-ta-ta

Voices tell me
Tell me just where to be
