

Find Me

Porches.

I think that I'll stay inside
If you don't think that they'd mind
I can't let it find me
I can't let it find me

And when I feel it coming down
I can't have anyone 'round
I can't let it find me
I can't let it find me

Think I'll go
Somewhere else
Where I can sink
Into myself
Just watch me go
Just watch me go

Touch my neck and walk me home
And I'll be fine once I'm alone
Just don't let it find me
Just don't let it find me

Think I'll go
Somewhere else
Where I can sink
Into myself
Just watch me go
Just watch me go

Just watch me go
Just watch me go
(Just watch me go)
