

I wanted to glow all night
I want you to know that I was right
So I tell myself that I

Won't take it back
I won't take it back

I wanna believe in it
I wanna know that you needed it
But you tell yourself that you won't

Take it back
I won't take it back

I tell you the truth
You tell it to me too
I know I need you
You know that we are through

I drive by your house at night
I hate to think that you think he's right
But you say that I'll be fine

You won't take it back
I won't take it back

I guess all that I can do
Is try to stop thinking about you
But if you wanted to

I'd take it back
If you take me back

I tell you the truth
You tell it to me too
I know I need you
You know that we are through
