

Mood

Porches.

I just wait around
To hear the good news
To hear the good news
I just wait around
To hear from you
To hear from you

Are you in
The mood
I think I
I said the wrong thing

Don't know what I'd do
But I don't want to be here
Don't want to be here

So I just wait around
To hear the good news
To hear the good news

If you want
To be on your way
Well you don't have
Have to stay
