

Pool

Porches.

When it's around
About to
His address
The pool
Oh how I could
You see it now
Your body
As it comes down

In slow motion
Honey slow motion
Slow motion
Honey slow motion

Don't wake me up
For dinner
My body's well
When it is still
Now that it's still
I'll watch you slip
Into the pool
You're such a stiff

In slow motion
Honey slow motion, now
Slow motion
Honey slow motion
