

# Drown With Me

Porcupine Tree

**Hsus4 F#m G6 Cmaj7 F#7sus4** (3x)

**Hsus4 F#m**

So you have been of use

**G6 Cmaj7 F#7sus4**

And you have been abused

You know you look pale today

Your lipstick has gone astray

**Hsus4 F#m**

You sold out and lost your looks

**G6**

You gave away all your books

**Cmaj7 F#7sus4**

(You should drown with me)

Your coil has been wound up tight

Unwind it with me tonight

(You should drown with me)

**E C/G**

Tyre tracks

**G D**

Fresh on the ground

**A**

Where she will be found

**C/G F#7sus4**

Held under the water

Resting there in a stream

View from the cold water

Buried in green

Orange filter sky

Your drowning in family there

When will you come up for air

(You should drown with me)

Don't feel you let 'em down

Cos they have already drowned

(You should drown with me)
