

## Sever Tomorrow

Porcupine Tree

Telepath Carbon trapped under stone  
Brother mother pale body is thrown  
Arrow shallow coma divine  
Dust down my head scream of the spine  
ESP city - rainy and blue  
Want to go follow divo should know  
Sever today exit this mind  
Father sisters rhythmic and rhyme

Photograph mind sever tomorrow  
Exitless mind - ESP sever tomorrow

School out invective high metal voice  
Tape shredding on in visible choice  
America calls I lift space  
Another climb out of this place

Photograph mind sever tomorrow  
Exitless mind - ESP sever tomorrow

[Semi-coherent shouting]

Photograph mind sever tomorrow  
Exitless mind - ESP sever tomorrow

[More semi-coherent shouting]
