

Russian Roulette

Porter Robinson

It's me, smiling for the team
As I stare directly into the storm, oh
Trust me
It's a sure thing
Russian Roulette
You won't get bored

Best friend
We don't have to pretend one day
I could make you your salary oh

The saddest thing
About my whole machine
She says, and she's right
It depends on me

Then I close my eyes
Gamble with my life
Trying not to smile
Maybe this time I won't be alright
Maybe this time

Pitchfork reports
They're calling me
Their words: "The big new thing", oh

YouTube review
Funny monkey
Takes a piss into his own mouth
Crazy

And I thought
It strange
To sell
My face
But let's just make the most of it

My hand is drawn
I put the gun
Against the thing that's stopping me

Then I close my eyes
Gamble with my life
Trying not to smile
Maybe this time I won't be alright
Maybe this time

A bad guy just died
They're making memes about it
Nothing matters now
Go fuck myself?
I already did
My friend lost his head
And what'd I do about it?
And we could laugh about the thoughts that I've been having

Then I close my eyes

Gamble with my life
Trying not to smile
Maybe this time I won't be alright
Maybe this time

I wanna see my mom one more time
I wanna play my songs one more time
I wanna lose my phone one more time
I wanna play in the snow one more time
I wanna kiss my cat one more time
I wanna thank my dad one more time
I wanna marry her one more time
I wanna live I don't want die
I wanna try to change one more time
I wanna live I don't wanna die
I wanna live I don't wanna die
I wanna live

The kick drum and bass suggests the song is coming to a close

Boo

That's the format we are used to

Cliches like this are beautiful, because they reflect us, and we are beautiful

Yay!

Take, for example, this chord progression

It only became taboo because it was too powerful

That's why you won't forget it

Don't kill yourself, you idiot
